CONSTRUCTION ZONE PAVING

Starting Thursday, May 9, the paving of Lake Shore Drive within the construction zone from Balbo to just north of the Field Museum will begin. During the repaving, expect some minor changes in the route. We have again attached Diagram H illustrating the current route, as well as the

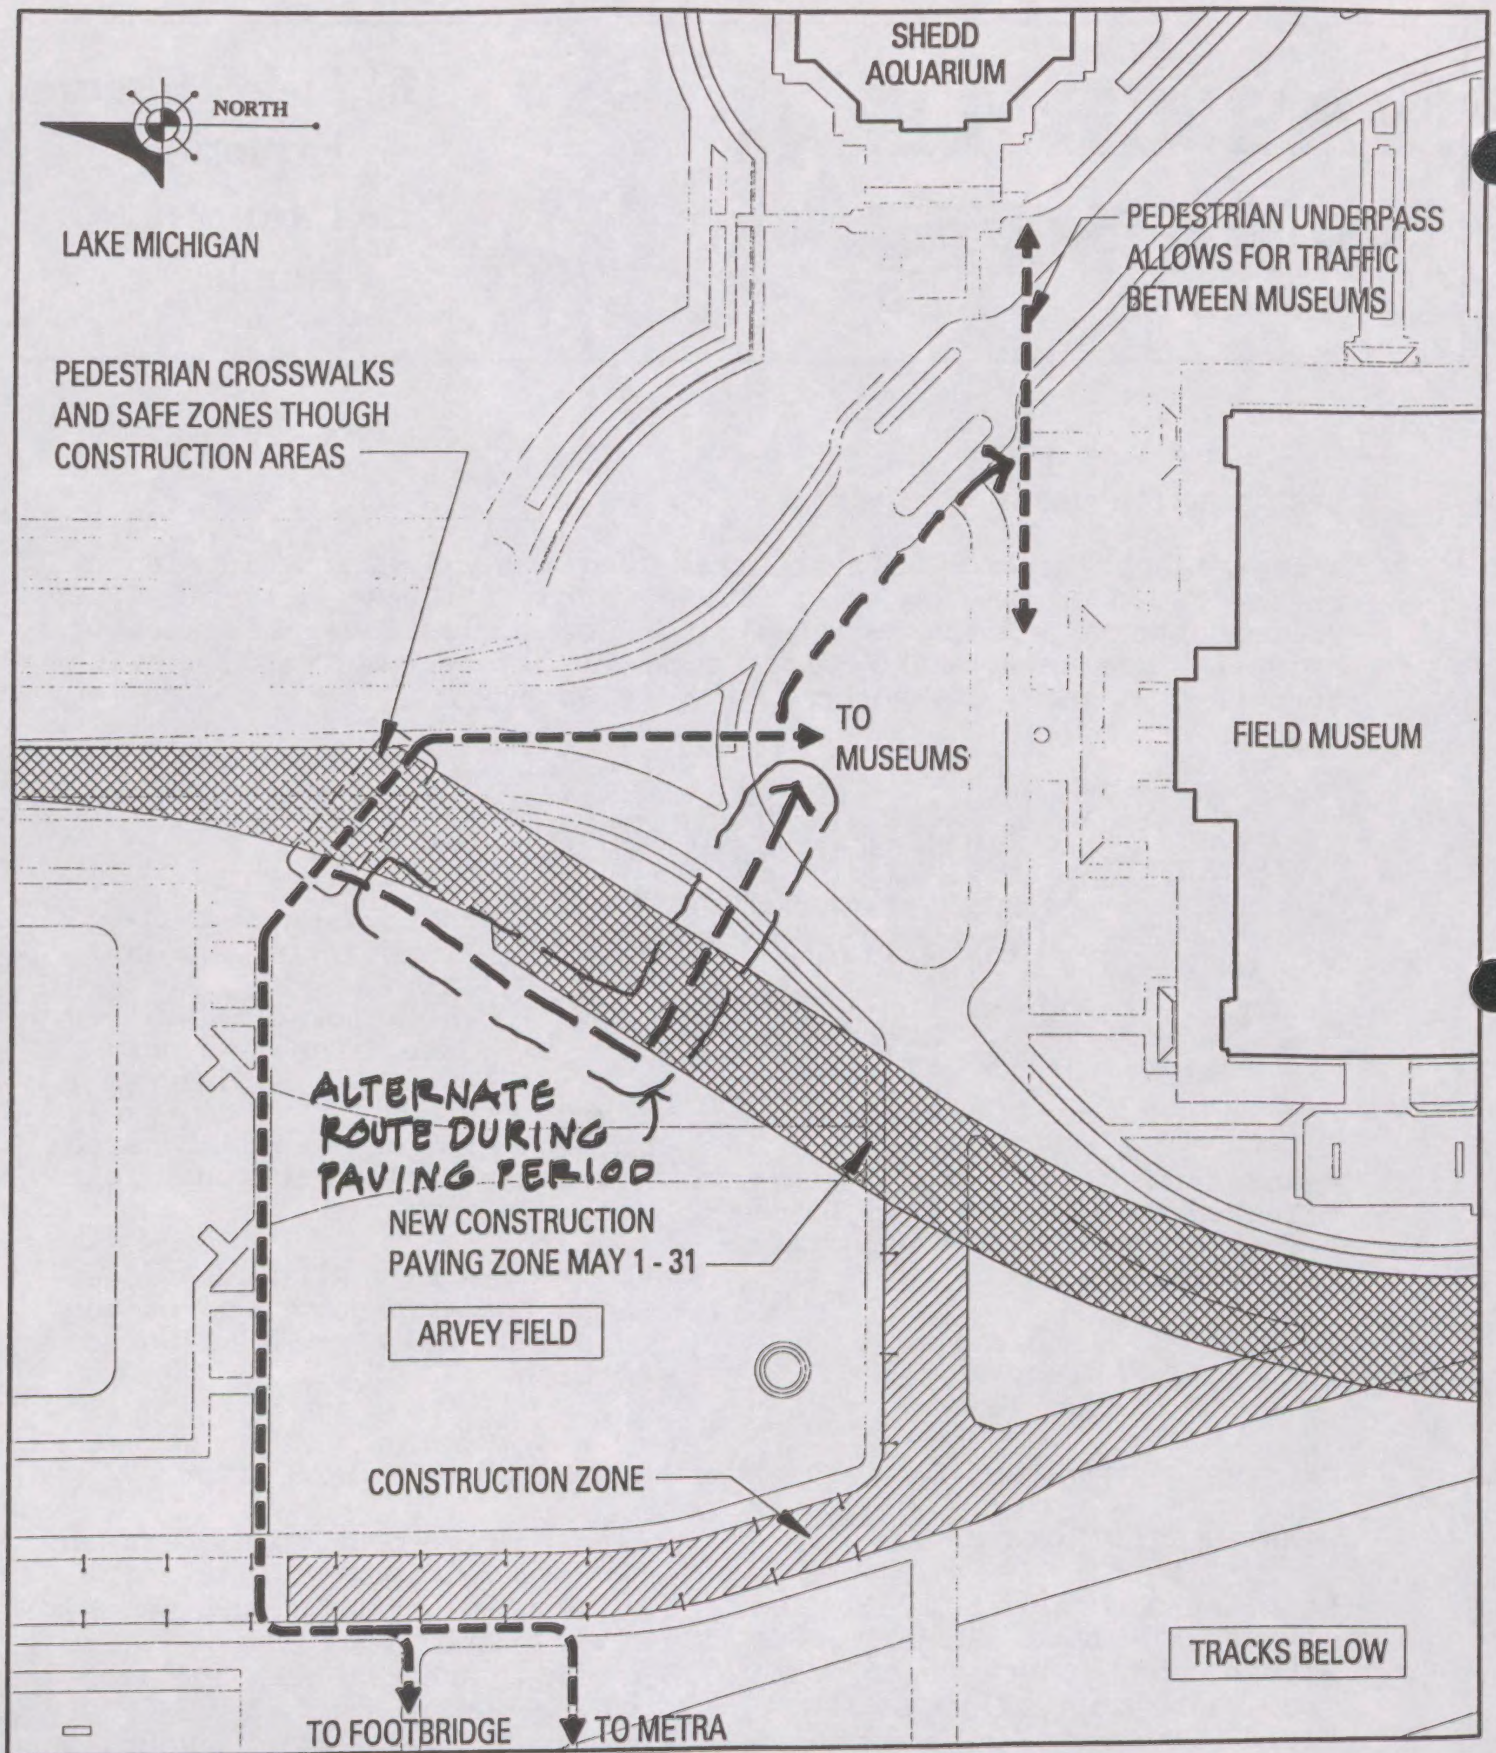

detour during repaving. As early as Saturday, we may be allowed to walk on the newly paved surface. This will

significantly improve conditions along the designated pedestrian route through the construction zone.

Wood chips have also been added along the turf sections of the path, to help provide better footing.

NORTH AND WEST LOT SAFETY

Please drive cautiously between the north and west lots. This is now an area being used by staff and volunteers for parking, school buses for drop-off, pedestrians from the west door, and McCormick shuttle buses traveling to shows.
PLEASE SLOW DOWN!!!
